Prescription
for a great career

About Price Chopper as a Company

Price Chopper Supermarkets headquartered in Schenectady, New York currently operates 117 Supermarkets and 65 Pharmacies. We employ more than 24,000 associates throughout the northeast, including New York, Vermont, Connecticut, Pennsylvania, New Hampshire and Massachusetts.

Price Chopper's future is as promising as its distinguished past. From the earliest days of the last century to today, hard work and caring about customers has made the difference.

Chances are we're part of your life already. You probably shop at your local Price Chopper for the best in fresh foods and low prices. You most likely know some of our associates, who are also your neighbors.

But, did you know that we offer job and career opportunities that can fit into your personal goals for yourself and your family? As a family in business, with 55% of our stock owned by our associates, we pride ourselves on providing a welcoming, inclusive work environment.

Price Chopper provides competitive salaries, flexible scheduling, and a full menu of benefits from profit-sharing and 401(k) plans to medical coverage, as well as unlimited advancement opportunities.

We're committed to having a workforce and management team that reflects the thousands of customers we serve every day.

We have the right prescription for your career.

Excellent Company Benefits

Our compensation and benefits package is **one of the best in the industry**, featuring competitive salaries, major medical, dental, life and disability insurance. We offer different health plans to select from to suit your family's needs.

We also offer opportunities for our associates to invest in a more **financially secure retirement** with our 401k and profit-sharing plan. Price Chopper will **match in the form of company stock** – 100% on deferrals up to 1% of salary, 50% on 1-2% and 25% on 2-6%.

No time to eat lunch? We make time! All **pharmacies are closed for lunch** everyday. Taking time for lunch has lots of benefits both for your health and for better work efficiency and productivity.

Our pharmacies are **closed on major holidays**, so you may spend time relaxing or with your family.

Receive **three weeks of vacation** after one year of service. Need extra time? Up to 80 hours of additional vacation time annually may be purchased.

Our associates **receive discounts** on computer product and services, gym membership, car rentals and travel and more.

Price Chopper is committed to providing a work environment that fosters success with continued **support for personal development**.

Our compensation and benefits package is one of the best in the industry.

Patient Centered Care at

Our pharmacists care about the well-being and health of our customers and we are expanding our pharmacist's role by encouraging them to be involved in patient centered care.

We want to make it convenient for our customers to maintain their optimal health by guiding them through screenings and clinics that are available at our pharmacies.

Price Chopper's SAPPHIRE pharmacy system covers patient history, drug interaction screening and third-party verification that is specific to each one of our customers.

It is only through this kind of technology and approach to patient care that our pharmacists will be able to improve patient benefits and increase safety of medication use.

Below are just a few of the patient offerings that our pharmacists provide.

- Medication Management Therapy
- Cholesterol Screenings
- Bone Density Screenings
- Healthy Heart Clinics
- Immunization Clinics
- Diabetes Screenings
- Blood Pressure Checks
